Purchase any eligible Samsung phone and receive a \$25 Shell Gas Card. Weekly sweepstakes on \$2000 prepaid Shell Gas Card and a chance to win a Toyota Yaris. Please refer to the promotional kit.

What is Metro Flash?

Metro Flash is a new service that will allow phones from other carriers to be re-provisioned to work on our network for a small fee.

The customer can use their favorite CDMA handset and we will activate it so that they too can unlimit themselves. or now, the service is only being offered at MetroPCS retail locations and at some exclusive dealers.

For more information, please ask your Account Service Representative.

MetroMAP

Want to increase your foot traffic, presence or revenue? How about increasing them all?

Sign up for MetroMAP today and be sure to be seen! Last day to sign up for October is August 25th.

Ask your representative for more details

This Month:

ADVO: 7/29; 8/12

El Avisador: 8/13

Penny Saver: 8/13

La Ganga: 8/15

Penny Saver Insert

New Feature:

Loopt!!

Loopt is a feature that allows users to locate friends or points of interest using their Metro PCS mobile phones and GPS! You can communicate by using voice, texts or MIM.

Remember:

- Handsets must be Loopt capable
- The feature code is LPT
- The monthly service fee is \$4, but the service is part of the \$50 plan!!

Ask your Account Service Representative today for more information and the available training guides.

REMINDERS

Family Unlimited ending 7/31
Please save the banner and the window clings.

The "Add a Phone" feature is available on WebA, ask your ASR for a quick update or training on this.

Always use service tickets when sending customers to the corporate retail stores
